## Applications for Reception Places September 2021

Our delightful Reception class are settling well into school and are doing well with their learning. It seems strange to start thinking about next year so soon into the new school year but the admission process with the Local Authority is quite a lengthy one. At this point in the school year we start to hold open mornings to show families around so that they can view the local schools in the area and make their selections by the beginning of January. Parents are then notified of their allocation in mid April so that schools and parents have the summer months to make preparations. In order to protect our children from the virus, we are unable to show families around the school during the school day but we have created a promotional video to help parents view our school. Additionally, families who wish to talk to us can ring the school on 01788 510318 or visit as a family after school. For any extra information why not ring Nicola, our Office Manager.

## Face Masks

As the COVID infection rate across the country is increasing and in order to make our school as safe as possible, we ask all visitors and parents entering the school grounds to wear a face covering. We understand there are certain circumstances that prevent the wearing of a face covering - should you fall into this category, we politely request that you wear an exemption lanyard so that we are aware of your situation.

## YEAR 4 ART WORK

Year 4 have been learning about Ancient Greece and have been busy creating their own mythical creatures using collage. Well done Year 4, the display looks great.
