## Topic

This terms topic is 'Where The Wild Things Are'.

We will be learning about plants and what they need to help them grow. Learning about the different seasons, and exploring different woodland animals, their habitats and footprints.

## Weekend Books

All the children have weekend books. These are for your children to share their weekend activities/experiences in. This could include watching a film, feeding the ducks.

If you can encourage your children to draw a picture and then annotate them we can then read them out during the week.

We also add in termly activities linking to the topic, for the children to complete at home.

This is a lovely experience for the children to share with their friends during circle time.
