

What I should know already:

- ✓ I know that I live in village.
- ✓ I know that there are different types of building.
- ✓ I know the name of some features of buildings e.g. window, door, chimney and roof.

What will I know by the end of this topic?

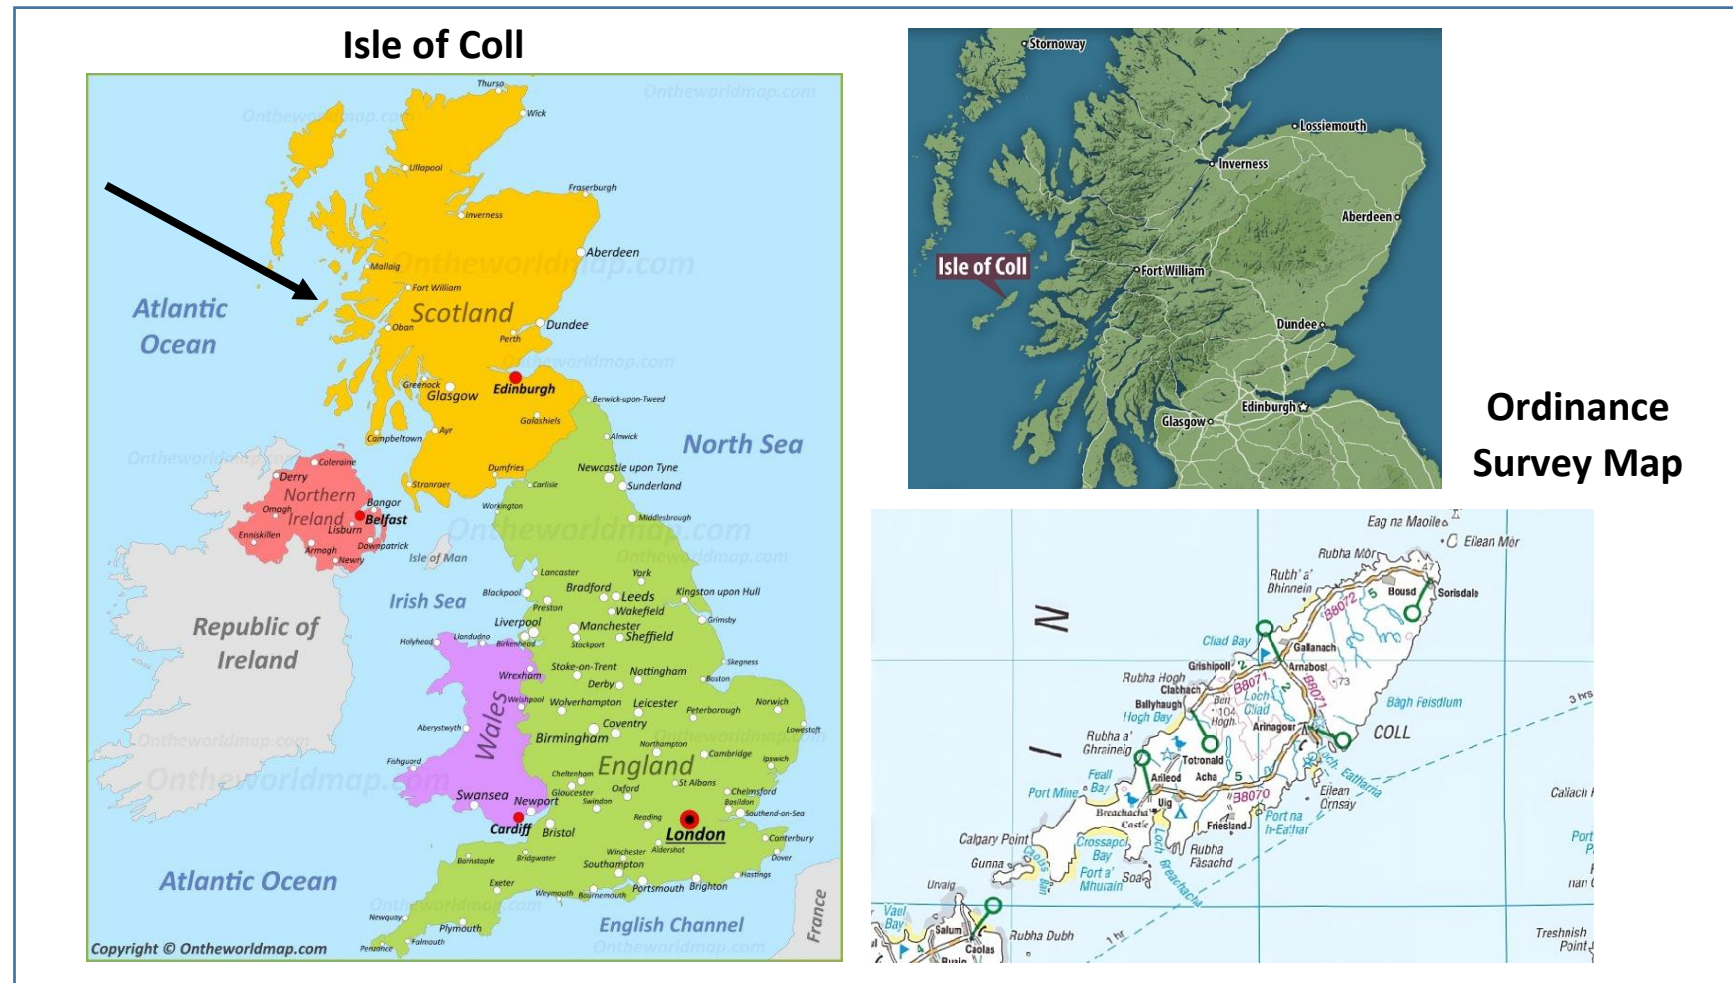

- West Haddon is a small village in England.
- I will be able to find the UK on a world map.
- I will be able to draw a simple map and use keys and symbols to represent physical features.
- I will be able to identify physical features such as fields, rivers, sea, coast, hills, from an aerial photograph or map.
- I will be able to identify differences between the Isle of Coll and West Haddon.
- I will be able to identify human and physical features of West Haddon such as shops, churches, houses, school, roads, fields, trees.

Geographical Skills and Enquiry

- Locate the UK on a map.
- Interpret a range of geographical information e.g. maps, diagrams and aerial photos.
- Use geographical vocabulary to describe key human and physical features.
- Observe geographical features in our locality.
- Draw contrasts between different geographical locations.

Vital Vocabulary!

Aerial view	A viewpoint seen from a very high elevation. May also be known as “a bird’s eye view”.
Isle of Coll	An island located west of the Isle of Mull in the Inner Hebrides of Scotland. Coll is known for its sandy beaches, which rise to form large sand dunes, for its corncrakes, and for Breacachadh Castle.
Symbols (map)	Maps often use symbols to represent things
Key (map)	A map key shows what the symbols mean.
Physical features	Natural features of the world’s surface such as beach, cliff, coast, sea, ocean, soil, vegetation.
Human features	Relates only to the human environment; something that is built by humans and would not have existed in nature without humans. These may include a city, town, village, house, farm, port, harbour, shop.
Motorway	A major road that has been specially built for fast travel over long distances. Motorways have several lanes and special places where traffic gets on and leaves.
Shops	A place where you can buy goods or services.
House	A building where someone lives.
Factories	A building or set of buildings where large amounts of goods are made using machines.
Rivers	Bodies of water that flow. Rivers start where rain falls onto hills and mountains and flows downhill to join the sea or a lake or loch. Rivers can be wide or narrow, fast or slow, can travel a long or short way. Rivers contain fresh water.
Sea	The salty water that covers a large part of the surface of the earth.
Hills	A piece of land that rises higher than everything surrounding it. The United Kingdom defines hills as summits less than 1,000 feet.
Beach	An extensive area of sand or shingle sloping down to a sea or lake.
